## Note From The School Leader

Hello NSH Families,

In a little less than one month the 22-23 school year will begin! Words can not express how excited I am to start this school year off with a bang and help our students achieve academic success. We are busy getting the school building updated and ready for students, as well as updating much of the curriculum and other important school related programming.

Other things we have been doing over the summer to prepare for students are reaching out to community partners to bring more exciting and different after school activities and programs to our school. We are hopeful to offer a more comprehensive after school art program and fencing program to our students. We are also meeting with several companies who specialize in coding.

As a quick reminder, here are the ways that you can start your student off successfully.

- 1) Attends school daily and arrives on time (8:30am), ready for the day's learning experience
- 2) Informs you if he/she needs additional support in any area or subject
- 3) Is prepared with their daily materials: pens, pencils, classwork, etc.
- 4) Knows that you expect them to succeed in school and try their best
- 5) Understands and agrees to the school wide cell phone policy
- 6) Bring a lunch and drink for the day

I hope that we see everyone at the NSH ice cream social in a few weeks. I know that myself, the staff, and Gordie are all excited to see everyone.

Yours,  
Tracy Lynn  
School Leader

## New School High Amazon Wish List

Parents and community members regularly ask what items that New School High needs to start the school year off on a good note. I am humbled and thankful that so many people want to contribute to our school and help our students and staff. We have created an Amazon list which provides that information to anyone who is interested in donating items to the school.

There are two wishlists below: the first is for New School High and the main office and the second one is specifically for Mr. Z's classroom.

Donations can be dropped off by appointment in July and August, or brought into the school the first week of school.

## Student Success Workshop Resources

On July 13, Mrs. Lynn hosted a Student Success workshop virtually which focused on ideas about how to support students and how to build positive habits were discussed. If you missed the workshop, please see the slide deck attached below.

We look forward to parents participating in parent advisory meetings throughout the year about similar topics.
